Dear Friends,

Since integrating with Penn Medicine two years ago, the momentum of growth at Chester County Hospital continues at an exhilarating rate. This year was one of the most successful in our history. From inpatient admissions and emergency department visits to newborn deliveries and clinical recognition, we outpaced every other hospital in our service area.

Last November our nursing department achieved Magnet® recognition as a reflection of its professionalism, teamwork, and superiority in patient care. This accomplishment is determined by the American Nurses Credentialing Center's (ANCC) Magnet Recognition Program®, which ensures that rigorous standards for nursing excellence are met.

We received the 2014 Achieving Patient Care Excellence (APEX) Platinum Award in April for our clinical team's progress in preventing surgical site infections and pressure ulcers, patient falls and deep vein thrombosis.

Our community is benefiting from expedited Emergency Department care as part of our patient flow redesign. With little to no crowding in our waiting room, we are converting much of this space into triage bays in order to create more capacity in our acute care treatment area. Once completed, we will have expanded the number of patient rooms in our Emergency Department by twenty percent.

Emergency Department

Residents of southern Chester County now have access to our brand new medical complex, Penn Medicine Southern Chester

County, located in Penn Township. More than 300 area residents joined us for the opening of the building in June. Located off of Route 1, this health care destination offers many medical services and primary care in one convenient location.

As part of Penn Medicine, Chester County Hospital's already exceptional medical staff continues to add clinical talent. This has resulted in many key subspecialties being made available locally. Patients who require specialized treatment in areas such as neuroscience and cardiovascular disease have more options for care close to home. With our expansion into complex cancer modalities, we are now part of the Abramson Cancer Center, a world leader in cancer treatment and research, and can offer even more advanced therapies and expertise.

Expectant mothers throughout Chester County are enjoying the spaciousness of our new private maternity rooms. Our Lasko Tower echoed cries of joy as we welcomed 2,600 babies this year—a ten percent jump over last year's births! Approximately one out of ten infants born here will require care in our Neonatal Intensive Care Unit. So to meet this demand, we are currently expanding our existing NICU space.

Underpinning our success has been the steadfast support of our donors. Every area that I have mentioned served as a growth point for us this year and all of these points have directly benefited from philanthropy. The strength of your generosity is reflected in the face of every patient we treat and every newborn we greet. We are grateful for your support as we seek more opportunities to serve our great community. ■

Sincerely,
Michael Duncan

Michael J. Duncan
President and CEO
Chester County Hospital

Letter from the FOUNDATION CHAIRMAN

Dear Friends,

With your help, Fiscal Year 2015 was another remarkable year for Chester County Hospital. Because of you, convenient access to the most advanced care options expanded significantly in Chester County.

For more than 120 years, community partnership has always been the cornerstone of excellent patient care and has made Chester County Hospital what we are today. In the past year, you continued that tradition and raised the bar even higher by generously giving to strategic initiatives and updated patient spaces.

New care facilities are easy to see, but there was much more going on behind the scenes. For example, two of the catheterization labs were renovated and modernized to improve efficiency and capacity. We were able to invest in the latest technologies, such as CT Simulation to ensure optimum results during radiation therapy and High Dose Radiotherapy (HDR) for patients who need specialized therapy plans. Patients in the Exton area are benefiting from new MRI equipment at Penn Medicine Exton. Many of you have also supported the Women's Auxiliary and their \$500,000 pledge to fund 3-D breast imaging technology—digital tomosynthesis—which offers improved accuracy over traditional two-dimensional mammography.

In concert with your support, our continued integration with Penn Medicine brought expanded clinical programs and services close to home. Our patients are enjoying the convenience of additional specialty and subspecialty services right here in Chester County. And, be assured

that all donations stay here—at Chester County Hospital—to improve local care options. Your generosity helps to ensure the highest level of health and wellness for those who live, work, and play in this beautiful region of Pennsylvania.

As a not-for-profit hospital, our vision goes above and beyond basic medical services. It's not enough to simply lift the burden of disease. We strive to keep our neighbors healthy, enjoying life to the fullest and contributing to the growth and vitality of the local economy. Your shared passion helps us develop and sustain a variety of outreach and educational programs aimed at preventing illness and making healthy lifestyle choices. Community alliances are instrumental in expanding provider networks to improve preventive care programs, such as early prenatal care and basic health screenings. Medical providers come together to care for the underserved and uninsured, regardless of the patient's ability to pay for care.

New Catheterization Lab

The Chester County Hospital family is a rare gem, nurtured over generations through collaboration, thoughtful philanthropy, and genuine concern for each other. We are honored to serve you and will continue to steward your investment in health care, and your legacy in Chester County.

Together, we will ensure compassionate, innovative, quality health care for the Chester County community for generations to come. ■

Thank you,

Francis "Franny" H. Abbott, Jr.
Chairman

The Chester County Hospital Foundation

SEEKING *the* THINGS THAT *are* FOUND ABOVE

Since 1999, when Pat and John Celii established The Patricia C. and John Celii, Jr. Foundation, a strong bond has formed with Chester County Community Foundation (CCCF), where Beth Harper Briglia, CPA, CAP, Vice President, Donor Services & Grantmaking, has become a trusted advisor. Chester County Hospital would ultimately benefit from this partnership.

Several years ago, the Hospital saw the need for a Women's Specialty Center where women with cancer diagnoses and related health concerns could find compassionate care in a restorative atmosphere. Specialty services would include breast care, gynecologic/oncology, urogynecology, and genetic counseling, all conveniently located near the Women's Imaging Center and Pathology. However, \$500,000 was needed to fund the project.

John recalls, "Knowing that we love living in Chester County and that we have an interest in healthcare programs and medical research to benefit the area, CCCF presented the opportunity." Pat and John responded with a generous \$250,000 challenge grant. Their challenge was met with an equal gift by an anonymous benefactor of Chester

County Hospital, providing the critical funding to launch the Women's Specialty Center at Chester County Hospital's Fern Hill Campus.

This project was appealing to the Celii family, particularly to Pat and their two daughters, Jacqui and Stephanie. They had personally struggled with coordination of care between multiple specialists, complicated appointment scheduling, and

frequent trips throughout the suburbs and downtown Philadelphia to see various doctors. The Celii women envisioned a comprehensive center that would alleviate those frustrations and improve care outcomes for other women. Pat said, "We are very excited that Chester County Hospital has placed a priority on providing an innovative approach to women's health issues. We are

pleased that so many women will benefit from this initiative."

Chester County Hospital Foundation is thankful for other generous grants the Celii family has made in collaboration with Chester County Community Foundation over the years, including funding for DaVinci Robotic Surgery technology, Emergency Room renovations, and a major commitment to the new Lasko Tower.

SEEKING THE THINGS THAT ARE FOUND ABOVE

Continued from Page 5

John and Pat have never forgotten their high school motto, "Seek the things that are found above," and how that educational experience provided a guidepost throughout their life's journey together.

With help from Beth and CCCF, Pat and John have made leadership gifts to Bishop Shanahan High School's capital campaign, built and decorated the Celii Chapel, and established a scholarship fund to benefit Bishop Shanahan students. "We remember when we didn't have two nickels to rub together and what it's like to feel helpless," says John. "Everyone can make a positive impact on their community. Give what you can. Volunteer your time. Do both." ■

CONNECTING PEOPLE WHO CARE WITH CAUSES THAT MATTER

Founded in 1994 by local philanthropists who wanted to ensure that financial resources would be available to sustain a vibrant community in perpetuity, Chester County Community Foundation advises donors, helps to establish legacy endowments, and maximizes community benefit through more than 375 Donor Advised Funds, Field of Interest Funds, and Nonprofit Endowment Funds. Karen Simmons, President and CEO, says, "Donors are primarily Chester County residents who have directed more than 90 percent of their giving to worthy Chester County causes. A remarkable \$32 million in legacy giving has benefited the Chester County area since CCCF's founding."

EXTRAORDINARY CARE *for* ALL STAGES *of* LIFE

We have all heard the adage: If you want something done right, ask a busy person. Pamela “Pam” Stephani and Richard “Dick” Morelli of Chadds Ford, PA, fit this criteria perfectly. Recently retired, the couple maintains a demanding schedule, sharing their time and compassion to improve life for friends, family, and community.

Pam and Dick can often be found on their bikes, raising funds to advance patient care. As founding members of CJ’s Riders, they formed a cycling team in 2012 to honor the memory of Pam’s sister, Candy Jean Stephani. Candy was a fighter. She was an accomplished athlete and that spirit strengthened her resolve as a four-time survivor of breast cancer.

In 2010, CJ was once again diagnosed—this time with pancreatic cancer. An extended family member was so happy with his experience at Chester County Hospital, he told Pam, “No matter what, make sure you take Candy to Chester County Hospital for her care.” That was great advice Pam recalls, “Dr. Maureen Hewitt, Candy’s oncologist, and her surgeon, Dr. Donelle Rhoads, were the best.”

CJ’s Riders also pays tribute to the memory of Gene Flook. Pam and Dick describe Gene as a Renaissance man with whom they developed a great friendship through the Philadelphia Curling Club. Gene relished his extra years as a cancer survivor, and was able to enjoy a comfortable end of life through the capable care at Neighborhood Hospice. In 2015, for the fourth consecutive year, CJ’s Riders rode in the Chester County Challenge for Cancer to remember Candy and Gene. Proceeds from the event fittingly supported The Cancer Program of Chester County Hospital and Neighborhood Hospice.

As visitors to the emergency room, Pam and Dick know firsthand the special care patients receive at Chester County Hospital. Pam’s father, Richard Stephani, and her late mother, Patricia, also benefited from the broad clinical expertise.

“Chester County Hospital offers all the benefits of hometown community, combined with the highest quality care. We are happy to do what we can, through gifts of time and annual donations, to support outstanding health care for other Chester County families.”
 —Pam Stephani & Dick Morelli

Pam says, “It was so important for Candy to be able to stay close to home, while having access to the best possible care. She was refreshed and comforted by nature’s view from her hospital room. The green trees, beautiful landscape, and singing birds provided enjoyment on the difficult days. Quality of life should extend all the way through end of life.

EXTRAORDINARY CARE FOR ALL STAGES OF LIFE*Continued from Page 9*

That is one of the reasons why we appreciate the Hospital so much." Dick adds, "Volunteers and nurses are always pleasant and thoughtful. We are thankful to have the latest innovations and treatments nearby, without the need to travel into the city."

Always busy helping others, Pam and Dick volunteer with the Women's Auxiliary to Chester County Hospital at various events, including the Polo Cup. They support

various non-profit causes in southern Chester County, and are active with the Philadelphia Curling Club. Pam and Dick agree, "Chester County Hospital offers all the benefits of hometown community, combined with the highest quality care. The Hospital offers patients a wonderful recourse for all stages of life. We are happy to do what we can, through gifts of time and annual donations, to support outstanding health care for other Chester County families." ■

HEALTHY MOMS, HEALTHY BABIES

Chester County Hospital's Prenatal Ob/Gyn Clinic is removing barriers to convenient, quality care for all women and expectant mothers in our community. Healthy pregnancies lead to healthier mothers and babies. Receiving appropriate medical care is essential throughout pregnancy, from the earliest weeks of pregnancy through delivery and following the baby's birth. Unfortunately, for some expectant mothers, acquiring appropriate, comprehensive prenatal care can seem beyond their reach.

Many of the women who come to Chester County Hospital's Prenatal Ob/Gyn Clinic are facing challenges like language barriers, financial struggles, or a lack of awareness about the need for prenatal care. Many are overwhelmed, discouraged or even afraid. They need help understanding pregnancy and childbirth, and how to navigate through the health care system.

Chester County Hospital has been serving the health care needs of underinsured and uninsured women for more than 50 years, providing gynecology care, prenatal care and childbirth deliveries, regardless of the woman's insurance status.

*N*early all of our Prenatal Clinic patients struggle in poverty. Low economic status means a higher-than-average number of medically diagnosed high risk pregnancies. The national high risk pregnancy average is between 6-8% compared to 20% of our Clinic patients. Yet, our birth outcomes remain outstanding compared to national averages. Nationally, some 12% of all babies are born at less than 2,500 grams (5.5 pounds), while at the Prenatal Clinic less than 5% of these fragile babies are born at such a weight.

The Clinic team includes physicians on staff at Chester County Hospital, nurse practitioners, registered nurses, and a bilingual (Spanish) staff of medical assistance representatives and financial counselors, ensuring accessible care for the entire community. Patients can visit Clinic locations in either West Chester or Kennett Square.

The Prenatal Ob/Gyn Clinic also relies on volunteers, grant funding, and community support as they diligently serve the community year after year. In 2015, the Women's Auxiliary to Chester County Hospital made this initiative one of their fundraising priorities, directing proceeds from the Polo Cup and The Encore Shop to help underwrite Clinic expenses. Chester County Hospital's Ob/Gyn Clinic strives to provide inclusive community health. By helping to ensure that all women have access to gynecology, maternity, and prenatal care close to home, the Clinic continues to significantly impact the lives of countless mothers, babies, and families in Chester County and surrounding communities, such as Delaware and Montgomery Counties. ■

Capping

SOCIETY

In honor of the nursing staff and the compassionate care they provide, the Capping Society celebrates donors who, since 1984, have been annual benefactors to Chester County Hospital for five or more consecutive years.

INVESTING *in*

INNOVATION

Investment in expansion, innovation, and technology continues to advance Chester County Hospital's mission. In 2015, further integration with Penn Medicine, including the new Penn Medicine Southern Chester County facility, brought expansion of specialty and subspecialty services and the highest caliber care for the local community. Innovative improvements included renovation of the Hospital's Emergency Department for improved emergency care responsiveness. Modernization of catheterization labs now provides greater efficiency and capacity. And, investment in technology yielded care advances for our radiation oncology patients.

HEALTHCARE ENVIRONMENTS FOR THE *future*

The new Penn Medicine Southern Chester County facility is a comfortable care destination with innovative, integrated services. "The intent is to have a set of services that make it possible for patients to receive specialized care from Penn Medicine, but offer that care close to home," said Ralph W. Muller, Chief Executive Officer of the University of Pennsylvania Health System. "Area patients seem to be pleased with this convenient state-of-the-art setting."

Expansion of the Hospital's Emergency Department and Rapid Treatment Area improved patient flow and significantly improved wait times. Driveways, doors and walkways were relocated. The new reception desk and nursing station now support enhanced computer technology.

“The intent is to have a set of services that make it possible for patients to receive specialized care from Penn Medicine, but offer that care close to home.”
—Ralph W. Muller, CEO, University of PA Health System

Chester County Hospital recently renovated two catheterization (cath) labs and is in the process of upgrading a third. When patients experience heart problems, they are often taken to a cardiac cath lab. This specialized laboratory allows for closer evaluation and treatment of the heart through a catheter or thin flexible tube. The latest renovations are enhancing the labs with advanced X-ray equipment for superb imaging clarity. Updated digital viewing technology allows the clinical team to view multiple images of the heart from a number of sources, at the same time. Design of the layout and space utilization allows the flexibility needed to perform multiple types of electrophysiology and cardiovascular procedures, allowing for optimum patient scheduling.

TECHNOLOGY MOVES CARE *forward*

As part of Penn Medicine, our patients have access to the most advanced treatment options and radiotherapy technologies. Adding to these resources, with support from the Women's Auxiliary, Chester County Hospital purchased 3-D breast imaging technology, also termed 3-D digital tomosynthesis. The three-dimensional imaging allows for a higher degree of accuracy in detection of suspect tumors and masses. Patients find the experience less invasive and more comfortable than traditional mammograms.

The newly-purchased CT Simulator generates a computerized tomography (CT) scan to precisely design treatment plans for patients with cancer, sparing the surrounding healthy tissue. The CT Simulator includes a movable laser feature for exact tumor marking and consistency throughout the treatment process. Another addition for patients needing specialized therapy, High-Dose Rate (HDR) Brachytherapy, uses a miniscule

radioactive source positioned near the cancer site for a brief period of time. This approach delivers high doses of radiation to a defined target without impacting nearby tissue.

Because radiation oncology is a science of exactness, the latest technologies accommodate for natural patient movements—breathing, sneezing, yawning—and the radiation beam is

only engaged when the targets are all aligned precisely. The newly-purchased technologies are complemented by a suite of optional therapies, administered by our interdisciplinary team of compassionate nurses, therapists, physicists, dosimetrists, social workers and board-certified doctors. ■

BENEFITS OF 3-D DIGITAL TOMOSYNTHESIS

- More detailed images from many angles
- 15% reduction in false-positives
- 41% improved cancer detection rates
- Better visualization of dense breast tissue
- Images read onsite by board-certified Penn Medicine radiologists
- All follow-up testing done in the same location
- Breast Navigator and Women's Specialty Center located in the same building to facilitate care
- ...with no additional cost to our patients!

CONTINUING CHERISHED

Traditions IN CHESTER COUNTY

Since the 1730's, Chester County has been home to the Knauer Family. Generations of driven, forward-thinking men and women have helped to build community through a blend of vocation, creative talent, and generosity.

Christopher J. Knauer, one of the newest members of the Board of Trustees for The Chester County Hospital Foundation, is continuing in the family tradition of community service and partnership with Chester County Hospital. Chris and his wife, Beth, are doing their part to improve health and wellness in Chester County as major donors to the Hospital and champions of the various Women's Auxiliary events and fundraisers.

Beth says, "Chris and I have been very fortunate over 30 years of marriage. We feel blessed to live in such a beautiful community and believe we have a responsibility to give back." Chris adds,

"We know there are always initiatives and projects that need funding. Our latest commitment was for the building campaign and the Lasko Tower. As a family, we want to help build projects that will yield the greatest community benefit."

Chris is a successful real estate developer with 30 years of effort showcased across

Chester, Delaware and Montgomery Counties, including the 300-acre Oaklands Corporate Center in Exton. For the past ten years Chris has served as a Board member at First Resource Bank in Exton, and for some of that time has fielded requests to join the CCHF Board of Trustees. Chris said, "About the same time we integrated with Penn Medicine, it seemed like a great time to get involved." As a Trustee, Chris also serves on the Audit and Development Committees.

A milestone of the family's Chester County legacy occurred in 1921 when Guy W. Knauer, Esquire, brought his new bride, Laura Ellena (Lena) Kurtz Knauer to West

The Knauer family's most recent commitment was toward the Lasko Tower.

Chester, where he practiced law. Their son, David John Knauer II, became a successful real estate developer in the Chester County area. Persuaded by Ray Waldron, friend and Director and Chairman of the Building Committee, and then-President, H. L. Perry Pepper, David served on the Board of Directors and the Building Committee for many years.

David's mother, Lena, instilled in him the belief that being charitable and contributing to the welfare of the community should be paramount in one's life. David and wife, Nancy Higgins Knauer, continued the family legacy as generous donors, including a significant gift toward the Emergency Room expansion in 2000, and an estate gift upon David's passing in 2011.

Real estate development, philanthropy, graduation from West Chester University, and many births at Chester County Hospital have created the foundation of Knauer tradition. Each generation has celebrated the love of music, performance

arts, and creative endeavors. "Aunt" Lena was passionate about entertaining through piano and theatre performances, and became quite famous for playing the musical saw, even performing with Liberace on the "Mike Douglas Show" and stumping the panel on "What's My Line?" Son David, loved playing the clarinet and saxophone. Today, Chris and Beth's

oldest, David John Knauer III, 28, is a graphic designer. Andrew Christopher, 26, is a real estate broker and self-styled musician and music producer. And, Leah Elizabeth, 23, is establishing her comedic career while finishing her education.

Through a deeply rooted love of the local community, each Knauer generation has supported Chester County Hospital with passion and

a desire to improve general health and wellbeing for others. Chris says, "I am truly honored to be part of the Chester County Hospital leadership. My family has thrived in the Chester County community and Beth and I want to continue that tradition for our children, grandchildren, and other Chester Countians." ■

"We feel blessed to live in such a beautiful community and believe we have a responsibility to give back. As a family, we want to help build projects that will yield the greatest benefit."
—Christopher and Beth Knauer

A WONDERFUL LIFE

CARING for OTHERS

Bernardine “Bunny” Abbott, recalls meeting her husband of 63 years, Dr. Joseph L. Abbott. They quickly knew they had something special together and were married after Joe finished his second year of medical school and Bunny completed her undergraduate education.

The early years were not easy. Throughout college and medical school, Joe worked as a movie operator and stage hand to cover expenses. By the time he finished his Ob/Gyn and surgical residencies, they had five beautiful children.

In 1961, the Abbotts became part of the West Chester community and Bunny was very pregnant with their sixth baby. Dr. Abbott joined the staff of Old Memorial Hospital, which later became Paoli Hospital, and he started the Hospital’s first Ob/Gyn Department. Several years later, he made the decision to practice exclusively at Chester County Hospital.

Bunny says thankfully, “Joe loved his work. He never complained about being called out in the middle of the night, or the early morning schedules. He was always very respectful of the nurses and, in turn, they showed great affection for him. I still hear from some of them.”

Looking back over their wonderful life, Mrs. Abbott is thankful that her husband was the quintessential planner. “When Joe was in medical school, he subscribed to a monthly magazine, *Medical Economics*, read it cover to cover, and realized he had real talent for managing finances. He started investing in annuities early on, so when it came time for us to give back to Chester County Hospital, we used the same strategy to establish a charitable gift annuity to benefit the Hospital.”

“We planned a charitable gift annuity to Chester County Hospital because we wanted to do our part to improve patient care for future generations.”
 —Bunny Abbott

“Joe and I are truly honored to have been part of Chester County Hospital and the local community for all these years,” says Mrs. Abbott. “We planned this gift because we wanted to do our part to improve patient care for future generations. We are Chester County Hospitalites to the very end!”

Bunny says, “Joe had delivered more than 8,000 babies when he stopped counting and he was in the delivery room to assist with the birth of all of our children. He would clean them up, say ‘Hello,’ and hand each one to me. Now my 13th grandchild, Bernardine Luna, age 3, calls me ‘Grandma Bunny.’”

When her children became more independent, Bunny earned two master’s degrees, worked as a marriage and family therapist, teacher, editor/writer, and held a faculty position at Immaculata University in the Psychology Department.

Continued on Page 32

In recognition of Chester County Hospital's founding year, the 1892 Society honors partners who have provided for future patient care through planned gifts, such as bequests, life income gift arrangements, or other planned giving options. If you have made such a gift, but are not listed here, or if you are interested in joining the 1892 Society, please contact the Foundation Office at 610.431.5697.

A WONDERFUL LIFE CARING FOR OTHERS

Continued from Page 31

While Bunny was on faculty, Chester County Hospital's RN Nursing School affiliated with Immaculata University to create a Bachelor of Science in Nursing (BSN) degree program. Bunny had the privilege to teach in those early years of the program and see many nurses return to school to obtain an esteemed BSN and advance their careers. At the young age of 67, Bunny also returned to school to earn her credentials in Expressive Art Therapy to continue improving outcomes for her patients.

Bunny says, "When it was time to plan for our senior years, we didn't fully realize how

brilliant it was to choose continuing care at Whitehorse Village in Newtown Square. Joe has been in their specialized memory unit for the past three years and is receiving excellent care. He still recognizes me and smiles, we are able to spend time together, but he has trouble forming words." Even though conversation isn't possible, Dr. Joe's love of music is still as sharp as ever. The staff at Whitehorse Village are fond of bringing him into the kitchen early in the morning. They select one of his favorite CDs—maybe Frank Sinatra or the sound track from *Finian's Rainbow* (1968). While they make breakfast, Joe serenades with perfect timing of each note and lyric. ■

Many donors choose to recognize a family member, loved one, friend, physician, or care giver by making a donation to The Chester County Hospital Foundation. Listed here are those remembered or honored by a gift in Fiscal Year 2015.

Thoughts
FROM A VOLUNTEER

My son, Bobby, spent his first months in Chester County Hospital's Neonatal Intensive Care Unit (NICU) where a team of remarkable doctors coaxed his little body back to life numerous times. During countless hours in the waiting room while the doctors worked on Bobby, my husband and I saw many families come and go. Excited new parents juggled balloons, presents and babies buckled into new car seats. Others paced the halls anxiously waiting for good news. Much of the time, however, we just stared at the walls, silently imagining what the future might hold. On that wall is a plaque recognizing the contributions made by the Women's Auxiliary to Chester County Hospital. I was inspired. When it was too painful to think about birthday parties or school plays, it was easier to make future plans to give back to the Hospital that was giving so much to us. Today, Bobby and I like to visit the NICU during the holidays to share hope and gifts of encouragement. I also enjoy volunteering at fundraising events with the Women's Auxiliary. This Hospital gave our family a new beginning. We give our time so other families will benefit from the same amazing care." —Ms. Andrea K. Thatcher

CREATING COMMUNITY, ENRICHING LIFE

One of the amazing distinctions about Chester County Hospital is the wellspring of support received from our patients, friends, neighbors, and area businesses. Creation of such an engaged and sharing community must be attributed to the Women's Auxiliary to Chester County Hospital.

The Women's Auxiliary is an organization of more than 350 dedicated women, volunteering in 10 community-centric branches, working together to present 26 community events and fundraisers each year. In fiscal year 2015, their creativity and hard work resulted in \$656,828 raised for Chester County Hospital Foundation and worthy patient care initiatives.

Remarkable support from the community makes all the difference, and the Women's Auxiliary makes sure there are fun activities and events for every age and area of interest. In 2015, an estimated 7,000 friends and neighbors came out to enjoy festivities ranging from the Dilworthtown Inn Wine Festival, to Chester County Day Home Tour, FORE Health Golf Invitational, Polo Cup, Diabetes Day, St. Patty's Day Beef, Beer, Boogie, multiple fashion shows, and a variety of raffles and other fundraisers.

In addition to raising money, Auxilians generously volunteer many hours and personal resources to make the patient experience more enjoyable. All year long, diligent volunteers run the Women's Auxiliary Gift Shop (WAGS) in the Hospital and The Encore Shop in Kennett Square.

Auxilian activities are many and varied, such as creating Valentine's Day cards for February patients, donating gift baskets for raffles and door prizes, personally supporting the Mary L. Harris Prenatal Clinic Fund, and dedicating countless hours preparing for memorable events. ■

2015 IMPACT OF THE WOMEN'S AUXILIARY ON PATIENT CARE

\$500,000 "Great Expectations" pledge for The Mother and Child Pavilion was completed	\$21,250 given to the Neonatal Intensive Care Unit
\$359,269 was raised toward \$500,000 pledge for 3-D breast mammography technology	\$5,100 aided the Diabetes Program
\$184,203 supported the Prenatal Clinic	\$3,500 supported 14 nursing scholarships
\$50,000 enhanced The Cancer Center and Neighborhood Hospice	\$1,000 supported the Nurses' Week gift
\$31,756 funded patient programs	\$550 given as H. L. Perry Pepper Leadership in Nursing Award
	\$200 awarded to a graduating nursing student to recognize community service

INSPIRED BY FUTURE LEADERS

The fourth Annual Health Kick brought young and old together to raise health awareness and funds for Chester County Hospital. An amazing group of students from Master P's World Class Tae Kwon Do school were largely responsible for the Health Kick's success this year, including a skills demonstration, board break-a-thon, and presentation of a \$13,500 check to Chester County Hospital.

Master P's students raised the majority of the money themselves. They collected pledges from friends and family, helped to engage community sponsors, then demonstrated their hard-earned skills on the big day. The students' efforts came together to make the Health Kick a fun, family event to benefit The Cancer Program at Chester County Hospital, and showcase the progress made in their martial arts training throughout the year.

Health Kick festivities were part of the 17th Annual Brandywine Valley Heating & Air Conditioning Chester County Challenge for Cancer (BVHAC CCCC). Master P and the school have raised funds for Chester County Hospital over the past four years, joining with the BVHAC CCCC for the past two. The Health Kick event and popular Bike Tour bring together Chester County area donors, sponsors, and athletes to promote health and wellness, while raising funds and cancer awareness.

Directed by Master John Pasquantonio, Master P's World Class Tae Kwon Do is the leading martial arts school in the West Chester area. As a Fourth Degree Black Belt Master Instructor, Master P explains, "Our students train to strengthen mind, body and spirit. I think that Health Kick is an excellent training tool for all three. It requires our students' physical participation and skill, challenges their mental focus and

intensity, and gives all of us the confidence and happiness that comes with knowing we have helped others in need."

The Health Kick is a positive, energizing experience that teaches the students civic responsibility and plants the early seeds of community-focused philanthropy. In total, the Health Kick events have raised more than \$65,000 to benefit patients who rely on The Cancer Program at Chester County Hospital for their care. The hard work of Master John Pasquantonio his staff, students, and the generosity of the community, including numerous corporate sponsors, has made all the difference.

In total, Health Kick events have raised more than **\$65,000** to benefit patients who rely on The Cancer Program at Chester County Hospital for their care.

"At Master P's World Class Tae Kwon Do, we want to empower our young students with valuable skills for daily life. We work to develop confidence and self-esteem, instill discipline and a foundation for making healthy choices."

Master P continues, "We also hope that our students will contribute to a safe and peaceful community as they excel through life. I know that friends of the Hospital and the local community appreciate what we are doing, as evidenced by their generous support of the Health Kick event each year. On behalf of Master P's students, staff, and Chester County Hospital, Thank You." ■

BUILDING STRONG FAMILIES

The Women's Auxiliary to Chester County Hospital organizes and hosts 26 events each year. One of the annual highlights is the Chester County Hospital Polo Cup, held at the grand Brandywine Polo Club in Kennett Square, PA, hosted by the Turks Head Branch of the Women's Auxiliary.

In addition to the polo match, the day offers a Kids' Korral, a themed tent decorating contest, fantastic food, great music, silent auction, and the Hats Off to Health Contest, with creativity worthy of Kentucky Derby or Churchill Downs status. It's one big, family-friendly tailgate—polo club style.

Even with the demands of young families and work schedules, the women of the Turk's Head Branch are eager to volunteer their time to creating a fabulous event. In 2015, their passion helped to rally more than 1,000 attendees and increase donations by 42% over the prior year.

Record proceeds benefited the Prenatal Ob/Gyn Clinic at Chester County Hospital which, for 50 years, has provided gynecology and prenatal care for women and pregnant mothers who cannot otherwise afford needed services. Funds also helped to purchase the latest 3-D (three-dimensional) breast imaging technology to improve accuracy of mammogram screenings.

Liz Moffett, Turks Head Branch Co-President, happily reports, "This year's response to the various sponsorship opportunities was tremendous. Friends and sponsors had access to the VIP tent for an extra touch of hospitality with complimentary wine, a beer garden, butlered hors d'oeuvres and delicious Italian cuisine, cakes, and candies."

Dina Ciccarone also served as 2015 Polo Cup Co-Chair. Her husband, Tommy Ciccarone, is fourth generation of the family-owned Parkway Cleaners started

in 1915. His grandfather, John, Tommy's father, Tom, Sr., and now Tommy, have been regular Polo Cup sponsors for years. "I love driving up to the event and seeing all the white tent peaks stretching into the sky," says Dina. "It's exciting to meet other business owners and community members who want to expand health care options for Chester County families."

As the women of the Turks Head Branch prepare for the 10th anniversary of The Chester County Hospital

Polo Cup, 2016 promises to be even bigger and better. Liz says, "It is wonderful to see how the community comes together to support this event. We are truly grateful." Dina adds, "We are all young moms who want other expectant mothers and newborns to have access to the same quality care we expect and want for our own families and receive at Chester County Hospital." ■

It's exciting to meet other business owners and community members who want to expand health care options for Chester County families. —Dina Ciccarone, 2015 Polo Cup Co-Chair

INAUGURAL MARY L. HARRIS AWARD

Chester County Hospital's Prenatal Ob/Gyn Clinic relies on the generosity of grant makers, donors, and volunteer clinical and support staff in order to ensure affordable women's health care for all members of the community. This year's Polo Cup featured the inaugural Mary L. Harris Award, established in honor of Mary L. Harris, former Women's Auxiliary President whose compassion and influence spearheaded the Auxiliary's support of the Prenatal Clinic. Pamela H. Kurey, MD, medical director of the Women's Specialty Center and Breast Health Program, was chosen as the 2015 Mary L. Harris Award recipient, recognizing her 10 years of tireless volunteerism as medical director of the Prenatal Ob/Gyn Clinic. Dr. Kurey is a dedicated advocate for women who need health services, but have no health insurance. The award will be presented annually at the Polo Cup to a member of our community whose generous volunteerism helps to improve the health and wellbeing of children living in Chester County.

BOARDS, LEADERSHIP & STAFF

HOSPITAL VOLUNTEERS

and VOLUNTEENS

Opportunities for volunteering at the Hospital include such important tasks as transporting patients in wheelchairs, staffing the information desk, and working in the Gift Shop. During the 2015 Volunteer Appreciation Luncheon, the volunteers listed below received recognition pins for achieving hour milestones. The volunteers contributed 41,370 hours during Fiscal Year 2015.

The VolunTEEN program, for ages 14 to 18 years old, takes place on Saturday and Sunday mornings. Teens perform a variety of tasks throughout the Hospital, including making beds, filling water pitchers, running errands, and escorting patients. The following teens achieved hourly milestones during Fiscal Year 2015.

THANK YOU *for* CARING

Caring for community is our mission at Chester County Hospital. However, we could not do it without you. Responding to ever-evolving challenges in healthcare, expanding and improving services, all while staying focused on each patient's unique circumstances, is only possible because of you.

Your thoughtful generosity and passion to help others is truly what makes Chester County Hospital the destination for community care. Volunteerism and philanthropy create the foundation that promises greater possibilities. Together, we will ensure optimum health and wellbeing for everyone who calls Chester County their home—today and for generations to come.
