# Industrial and Occupational Rehabilitation

### Do you have an employee out of work due to a work injury?

It is not uncommon in today's industrial world for people to get injured on the job. The Bureau of Labor and Statistics reports that there are over 2.9 million recordable on-the-job injuries per year. Injuries can affect the employee's ability to work and the company's ability to meet its productivity goals. The time frame for recovery from a work-related injury can vary from a few days to a few months or even longer.

### Would you like to have your employee return safely and quickly to work?

Chester County Hospital's outpatient physical therapy, rehabilitation and sports medicine services has the team, the knowledge, the experience and the desire to help your employees return quickly and safely to the job.

### We can help!

Our industrial physical therapy and rehabilitation programs are available for all levels of employees from administrative and desk positions to heavy warehouse workers. Our team of trained physical, occupational, and hand therapists provides each injured

#### Our program includes:

- Pre-placement screening
- Employee and supervisor prevention training
- Coordinated acute or chronic injury management
- On-the-job worksite evaluations
- Functional capacity evaluations (FCE)
- Coordinated acute or chronic injury management
- Progressive return-to-work strategies

worker with a thorough evaluation and individualized treatment plan, designed to meet the needs of his or her functional job requirements. We help treat the whole worker, providing the best evidence-based research and education regarding proper postures, job related lifting, work conditioning, work hardening, and job shadowing. Our goals are to have your employee return safely and quickly to their position, and prevent any future injury.

Each of our nationally certified therapists will work closely with your employee, the referring physician, the case manager, and the company, to facilitate the smoothest transition to return to work.
