

# community pride

Rooted in history  
 Delivering superior care all along the way  
 Focusing on the future

**19** **TOPPING OUT**  
 In the earliest months of construction, the hospital family congregated to hoist the final beam.

**257** **TOTAL BEDS**  
**AFTER THE TOWER EXPANSION**

**20** **RIBBON CUTTINGS**  
 Nurses and employees were involved in the building's design and its opening ceremonies.

**21** **CELEBRATING MOTHERHOOD**  
 The first baby - a boy! - was born on Friday, May 9, and within a few days the hospital celebrated its first Mother's Day with gifts, brunch and tiaras for the new families.

**22** **A PATIENT'S JOURNEY**  
 Whether it is welcoming a new baby, taking first steps after surgery or ringing the final bell on a cancer treatment, our purpose is to help our patients make a full and complete recovery.

**23** **OUR FRIENDS, OUR NAMESAKE**  
 Thank you to the entire Lasko family for making the Tower expansion possible.
